1 What is this?

These are my notes from reading *The Book of Thoth*, by Aleister Crowley. [1]

2 Brief Random Notes

- The world *was* destroyed by fire on 1904 March 21. ([1], part 1, section 3, page 25)
- Crowley claims that his explanations are linear & logical, but I often perceive them as unrelated, unverified, arbitrary claims. (I hope I'm not losing my ability to follow a line of thought.)

I write almost all of my documents in L^AT_EX ([5], [3]). I compile to PDF with `latex`, `dvips`, & `ps2pdf`. I compile to HTML with `latex2html` ([2], [4]).
